It is the responsibility of the Bidder to deliver the Bid prior to the time of opening. No Bid shall be considered if it arrives after the time set for the bid opening. Envelopes containing proposals shall be sealed, addressed to:

**Borough of Rutledge  
212 Unity Terrace  
Rutledge, PA 19070  
Attention: Janet Diiorio, Borough Administrator**

and submitted on the Form of Proposal furnished herein. The envelope shall bear the identification:

**COLLECTION AND DISPOSAL OF RESIDENTIAL REFUSE, BULK TRASH, RECYCLING,  
AND YARD WASTE**

**3. BULLETINS:**

Bidders shall acknowledge receipt of all bulletins, which have been issued during the period of bidding, and agree that said bulletins shall become part of this contract. The Bidders shall list the numbers and issuing dates of the bulletins received and acknowledge the same on the appropriate page provided in the Form of Proposal section of these specifications.

**4. PROPOSAL GUARANTY:**

Each proposal shall be accompanied by either a Certified or Bank Cashier's or Treasurer's Check, or Surety Company's Bid Bond satisfactory to the Borough as specified herein under "ADVERTISEMENT" in an amount of not less than ten percent (10%) of the highest bid option presented on the Bid Sheet, which check or bond shall be payable to the Borough as payee or obligee, and shall be

forfeited as liquidated damages if the Bidder's bid is accepted and Bidder fails to execute a contract in conformity with the Contract Documents, and furnish bonds as specified, within ten (10) days after receipt of Contract Documents. No Bid shall be considered unless it is so guaranteed. Such checks or bid bonds will be returned to all except the three (3) lowest Bidders immediately after the award, and the remaining unsuccessful Bidders' checks or bid bonds will be returned when the fully executed contracts executed by both parties are delivered by the successful Bidder to the Borough.

**5. METHOD FOR SUBMITTING BIDS:**

No proposal will be considered unless submitted upon the proposal form for the project. The blank spaces on the proposal form shall be filled in correctly, where indicated, for each and every item for which a description is given, and the Bidder must state the prices (which shall be written in ink) for each part of the work contemplated. Bidder must submit a Bid for each year of service as set forth in the Form of Proposal. Bidder can bid only on services set forth in the form of a proposal. Bidder may bid on any alternates or options as shown on the Bid Sheet.

The Bidder shall sign the proposal correctly. If the proposal is made by an individual, the complete post office address must be given. If made by a firm or partnership, the complete post office address of each member of the firm or partnership must be given, and the person signing the proposal must be authorized to do so and must submit evidence of such authority with the proposal. No contract will be awarded to a Bidder who is a foreign corporation or operating under a fictitious or assumed name unless the Bidder has complied or agreed to comply with all registration and licensing laws of this Commonwealth.

**6. PROOF OF BIDDER'S RESPONSIBILITY:**

Bidder shall include a financial statement with the Bid Sheet. Bidder shall also attach to the Bid Sheet: (1) information regarding whether it utilizes GPS or other

similar method to monitor routes during collection; and (2) information regarding Bidder's plans for future improvement of its standard operating procedures and/or timelines for investments in its processes and equipment Bidder plans to make, if any. Bidder may also be required to prove to the satisfaction of the Borough the successful completion of a contract for similar work in an amount of not less than seventy-five percent (75%) of the amount of the proposed contract.

The foregoing will guide the Borough in determining the responsibility of the Bidder, but additional information may be requested by the Borough whenever in its judgment such information is necessary to determine the responsibility of the Bidder.

In the event the Bidder fails, refuses, or neglects to submit any required information within the reasonable time stated in any request therefore or fails to qualify as a responsible Bidder, the proposal guaranty shall be forfeited to the use of the Borough, not as a penalty, but as liquidated damages.

**7. CHANGES WHILE BIDDING:**

During the bidding period, Bidders may be furnished addenda or bulletins for additions to or alterations of the procedures or specifications, if any, which shall be included in the work covered by the proposal and become part of the contract documents.

If any prospective Bidder on the proposed contract is in doubt as to the true meaning of any part of the procedures, specifications, or other proposed contract documents, a written request for an interpretation thereof may be submitted by mail, fax or e-mail to the Borough Administrator. The Bidder submitting the request will be responsible for its prompt delivery. Any interpretation of the proposed documents will be made only by an addendum duly issued and a copy of such addendum will be sent to each prospective Bidder who has received a set of such documents. The Borough will not be responsible for documents. The Borough will not be responsible for any other explanations or interpretations of the proposed documents.

**8. BID OPENING PROCEDURE:**

Sealed proposals on projects will be received by the Borough at the designated place and until the time stated in "ADVERTISEMENT" at which time all proposals will be publicly opened and read. The Borough reserves the right to reject any or all Bids, or parts thereof, as it may deem in the best interest of the Borough.

**9. COLLUSIVE BIDS:**

The proposal of any Bidder or Bidders who engage in collusive bidding shall be rejected. Any Bidder who submits more than one proposal in such a manner as to make it appear that the proposals submitted are on a competitive basis from different parties shall be considered a collusive Bidder. The Borough may reject the Bid proposals of any collusive Bidder upon bid opening. However, nothing in this section shall prevent a Bidder from superseding a Bid proposal by a subsequent proposal delivered prior to bid opening, which expressly revokes the previous Bid. The non-collusion affidavit included in this bid package must be returned with the Form of Proposal for each Contract.

**10. WITHDRAWAL OF BIDS:**

No Bidder may withdraw a Bid unless the request is made in writing and is received by the Borough prior to the time set for bid opening. After bid opening, no Bidder may withdraw a Bid within the time period indicated herein under "ADVERTISEMENT," except that requests for withdrawal of Bids after bid opening due to clerical and unintentional substantial arithmetical error or unintentional omission of required work elements shall be made in accordance with Commonwealth of Pennsylvania Act No.4 of 1974, 73 P. S. 1601-1608, and other generally applicable law of the Commonwealth of Pennsylvania.

**11. AWARD OF CONTRACT:**

The Borough shall have the right to reject any or all proposals or any part thereof or items therein. The Borough shall have the right to waive technical defects in the Bid. If an award of Contract is made, it will be made to the lowest responsible Bidder whose qualification indicated that the award will be in the best interest of the Borough and whose proposal complies with all the prescribed requirements. No award will be made until the Borough has concluded such investigations as it deems necessary to establish the responsibilities, qualifications, and financial ability of the Bidder to complete the work required in accordance with the Contract Documents to the satisfaction of the Borough within the time prescribed.

The Borough reserves the right to reject any or all Bids or parts thereof and to waive any informality in Bids received when such is in the best interest of the Borough; the Borough also reserves the right to reject the Bid of any Bidder who in the opinion of the Borough is not in a position to satisfactorily perform the Contract. **In analyzing Bids and awarding the Contract, the Borough may take**

**into consideration any of the alternates in any combination as shown on the official Bid Sheet. This may include awarding contracts to different Bidders for different portions of the contract or awarding to one contractor based on the combined Bids.**

The Contract will be awarded or rejected by a majority vote of the Borough Council within sixty (60) days of the opening of bids. If the Contract is awarded, the Borough will provide the successful Bidder written notice of the award. Thirty (30) day extensions of time for awarding of the Bid may be made by the mutual written consent of the Borough and the lowest responsible Bidder. If the lowest Bidder withdraws their bid, or refuses award of Contract, the Borough shall have the right to award the Contract to the next lowest responsible Bidder or reject all Bids and rebid the Contract.

## **12. EXECUTION OF FORM OF AGREEMENT**

The Contract Documents shall consist of the Advertisement for Bids, Instructions to Bidders; Form of Proposal (including Bid Sheet); General Specifications; Detailed Specifications (Trash and Recycling), and Appendices and/or Bulletins including all modifications thereof, incorporated in any of the documents before the execution of the Agreement, and shall in total be included in the final form of Agreement to be signed after award of the Bid.

Any vehicle utilized for collection of recyclables shall be clearly identified as a recycling vehicle with signage on both sides of the collection vehicle. Each vehicle shall be equipped with sufficient laborers to perform the specified collection service and shall carry a broom and shovel to clean up any debris scattered on the streets during the collection procedure. The Contractor shall be responsible for retrieving any spillage that may occur. The Contractor shall store and park all vehicles and equipment involved in the collection at convenient and lawful locations approved by the Borough at the Contractor's own expense. Contractor's vehicles and equipment shall not be parked or stored on streets or roads of the Borough, except, as may be required incidental to the performance of the collection service.

The Contractor shall be responsible for emptying and replacing all containers in the same location as collected, with lids in place. The Contractor's employees shall exercise care in the handling of containers to prevent unnecessary damage to containers or surrounding property. Any spilled or broken materials must be

cleaned up by the Contractor's employees immediately.

**2. MISSED COLLECTIONS**

Collection service shall be provided by the Contractor at the Contractor's expense to cover the removal of any matter under the Contract at the time and place designated which were missed during the regular collection process. Such makeup service shall be completed on the same day that the Contractor is notified of such missed pick-up by the Borough if notification occurs before 12 noon. Otherwise, missed pick-up will be collected within 24 hours of notice.

**3. SUPERVISION AND QUALITY CONTROL**

A. Contractor shall supply all necessary field supervisors and conduct inspections to ensure that collections are performed within the scope of these specifications. All work under these specifications shall be done in a prompt, thorough, legal, professional, and workmanlike manner.

B. The Contractor shall ensure that any employees assigned to work under the terms of the contract shall do so in a prompt, thorough, legal, professional, and workmanlike manner. The Borough may request a suspension or re-assignment of any employee exhibiting any of the following actions in the conduct of their work under the Contract: intoxication; use of a controlled substance; use of loud, profane, vulgar, or obscene language; soliciting gratuities or tips; refusing to collect or handle materials as herein required and defined if properly stored and placed for collection; causing wanton and malicious damage or destruction of property, including waste containers or receptacles, shrubbery, plantings, etc.; engaging in any other activity which may constitute a public nuisance during the course of performing work under this Contract.

**4. PERIOD OF CONTRACT**

The term of this contract shall be for a period of two years, beginning January 1, 2025 up to and including December 31, 2026. The Borough has the option, in its sole discretion, to extend the contract for up to one additional year at the price quoted on the Bid Sheet by notifying the Contractor at least three months prior to the contract's expiration date.

**5. FAILURE TO PERFORM/PENALTY**

- A. Failure on the part of the Contractor to provide collection and disposal service within the terms of these specifications shall subject the Contractor to the penalties in accordance with the schedule below for each and every day that the service is not rendered or is improperly rendered. At its option, the Borough may perform or cause to be performed the work necessary to provide the specified services, and Contractor shall be liable to the Borough for any and all expenses so incurred. Contractor shall not deem the payment of any penalty a waiver of any default, and the Borough hereby reserves all of its rights under Section D.5.C with respect to any default by the Contractor.

The Borough Administrator or the Administrator's designee shall notify the Contractor, in writing, of any violation(s) listed below. Upon written notification of such violation(s), the Borough shall deduct said penalties from the monthly payment owed to the Contractor for rendered services.

- C. In the event the Contractor defaults in the performance of any of the conditions or terms of this Contract, the Borough shall notify the Contractor in writing of the nature of the default. The Contractor shall correct this default within seven (7) days following receipt of such notice. remain in full force and effect.

- B. The Contract shall supersede all other agreements between the parties relating to matters covered by the Contract. The Contract shall be intended by the parties to be the final expression of their agreement and shall be the complete and exclusive statement of the terms thereof, notwithstanding any representations or statements to the contrary made before execution of the Contract.
- C. The Contract shall not be altered, amended, changed, or modified except in a written instrument signed by the parties.
- D. The Contract shall inure to the benefit of and be binding upon the Contractor, the Borough and their successors and assigns, provided, however, that Contractor shall not be entitled to assign, subcontract, or delegate any of its rights or obligations hereunder without the prior written consent of the Borough, which may be withheld in the Borough's sole discretion.
- E. The Borough shall be neither an agent nor an employee of Contractor under the Contract. Neither the Contractor nor Contractor's employees, agents, or servants shall be employees of the Borough under the Contract.
- F. negligence or otherwise, unless such loss is caused by the sole negligence or willful misconduct of the Borough or its officials, servants, workmen, or employees.

- H. The Contract may be terminated by the Borough:
1. Under the circumstances set forth in Section 5 of the General Specifications hereof; or
  2. at the end of each Contract year if the Borough is reasonably dissatisfied with the performance of Contractor under the Contractor, in which case the Borough shall provide no less than thirty (30) days written notice to the Contractor; or
  3. at any time if the insurance and/or bonding requirements set forth in the Contract Documents are not satisfied.

## **7. INSURANCE**

### 1. General Insurance Requirements

1.1 - The Contractor shall not commence operations until the Contractor has obtained at the Contractor's own expense all of the insurance as required hereunder and such insurance has been approved by the Borough; nor shall the Contractor allow any Subcontractor to commence operations on any subcontract until all insurance required of the Subcontractor has been so obtained and approved by the Contractor. Approval of insurance required of the Contractor will be granted only after submission to the Borough of original certificates of insurance signed by authorized representatives of the insurers or, at the Borough's request, certified copies of the required insurance policies.

1.2 - Insurance as required hereunder shall be in force throughout the term of the Contract. Original certificates signed by authorized representatives of the insurers or, at the Borough's request, certified copies of insurance policies, evidencing that the required insurance is in effect, shall be maintained with the Borough throughout the term of the Contract.

The Contractor shall furnish Subcontractors' certificates of insurance to the Borough immediately upon request.

1.4 - All insurance policies required hereunder shall be endorsed to provide that the policy is not subject to cancellation, non-renewal or material reduction in coverage until sixty (60) days prior written notice has been given to the Borough.

Therefore, the phrases "endeavor to" and "... but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives" are to be eliminated from the cancellation provision of standard ACORD certificates of insurance.

1.5 - No acceptance and/or approval of any insurance by the Borough shall be construed as relieving or excusing the Contractor or the Contractor's Surety from any liability or obligation imposed upon either or both of them by the provisions of this Contract.

1.6 - If the Contractor does not meet the insurance requirements of this Contract, the Contractor shall forward a written request to the Borough for a waiver in writing of the insurance requirement(s) not met or approval in writing of alternate insurance coverage, self-insurance, or group self-insurance arrangements. If the Borough denies the request, the Contractor must comply with the insurance requirements as specified in this Contract.

1.7 - All required insurance coverages must be underwritten by insurers allowed to do business in the Commonwealth of Pennsylvania and acceptable to the Borough. The insurers must also have a policyholders' rating of "A-" or better, and a financial size of "Class VII" or better in the latest evaluation by A. M. Best Company, unless Borough grants specific approval for an exception. The Borough hereby grants specific approval for the acquisition of workers compensation and employers liability insurance from the State Workers' Insurance Fund.

1.8 - Any deductibles or retentions that are greater than \$10,000 shall be disclosed by the Contractor, and are subject to Borough's written approval.
